Dear Owner:

This notice is being sent to you in accordance with the requirements of the Motor Vehicle Safety Act. This is to inform you that your vehicle may contain a defect that could affect the safety of a person.

Reason For This Recall

Winnebago Motorhomes has decided that certain vehicles do not comply with Federal Motor Vehicle Safety Standards ("FMVSS") No. 108 "Lamps, Reflective Devices, and Associated Equipment." The vehicles impacted are certain:

2015 Winnebago Vista
2016 Winnebago Sightseer
2016 - 2021 Winnebago Commercial
Vehicles

2016 Winnebago Adventurer
2015 Itasca Sunstar
2016 Itasca Sunova

These motor homes were manufactured December 12, 2013, through December 7, 2023. These manufacturing dates are a broad overview and not model specific. Our records indicate that you have purchased a vehicle with the serial number which appears above.

On certain motorhomes, the front turn signal lights may be too small. As a result, the turn signals could be difficult to see. A turn signal that is difficult to see could cause a person not to recognize when a driver intends to turn or change lanes. This could increase the risk of a crash.
