IMPORTANT SAFETY RECALL

THIS NOTICE APPLIES TO YOUR VEHICLE.

RE: «ModelYear» WINNEBAGO «Series» «Model» VIN «VINNumber»

<Month Day, 2024>

Dear Owner:

This notice is sent to you in accordance with the requirements of the *Motor Vehicle Safety Act*.

This is to inform you that your vehicle may contain a defect that could affect the safety of a person.

Our records indicate that you have purchased a vehicle with the serial number that appears above.

REASON FOR THIS RECALL

Winnebago Towables has decided that a defect related to vehicle safety exists on certain 2025 Minnie models. These vehicles were manufactured **April 2, 2024** through **December 2, 2024**.

On certain Winnebago vehicles when the cooktop and furnace are operated at the same time there is potential for the cooktop burner flame to invert. This could lead to an increased risk of personal injury or fire.

WHAT WE WILL DO

Winnebago Towable dealers will install a panel to provide full separation between the cooktop and furnace.

This work will be done at no charge to you.

WHAT YOU SHOULD DO

Please contact your Winnebago Towables dealer immediately to arrange for an appointment. The labor time necessary to perform this correction depending on the repair will be approximately 30 minutes. Please allow additional time for the dealer if a repair is necessary and to process your vehicle.

Until the repair is completed, owners should take precautionary measures and not operate the furnace and cooktop at the same time. If they have concerns customers should contact Winnebago Towables customer service for assistance.

Presentation of this letter to the service center will assist in making the necessary correction to your vehicle in the shortest possible time.

Winnebago Towables dealers are best equipped to obtain parts and provide service to ensure your vehicle is corrected as promptly as possible.
