

Winnebago introduces the ...

Winnie Wagon for '74

Your "super" station wagon-vacation home

Winnie Wagon

“wheel-around-town” deluxe station wagon or your “get-away-from-it-all” vacation home!

Yes, now it's here . . . the Winnie Wagon. A rugged, functional, dependable “super” station wagon large enough to carry half a dozen kids with lots of groceries but sufficiently compact to park in a standard size garage or carport.

Wheel your Winnie Wagon around town in comfort, ease and confidence . . . like the family car . . . with power steering, automatic transmission and power disc brakes. Take it across country for a vacation . . . or maybe just a weekend outing. Makes no difference . . . the Winnie Wagon is loads of fun.

And it's tough, too. Take the handsome streamlined profile of the Winnie Wagon for instance. Behind the front doors and at the rear of the Winnie Wagon, we used vacuum-formed acrylic plastic reinforced with fiberglass to form the smooth aerodynamic lines of the Winnie Wagon. A little more expensive for us, but a whole lot better for you. Acrylic plastic reinforced with fiberglass is tough. It won't scratch. It won't fade. And it repairs easily.

It's a small point. But it's one of the many small points that makes Winnebago your best buy, this year and every year.

Inside, the Winnie Wagon is beautiful . . . and tough, too. The first thing you'll notice when you walk in is the head room. With the spring-up top, you have a full 6 feet 4 inches of it. The next thing you'll notice is that most of the comforts of home are there . . . two-burner stove, spacious icebox, a dinette (which converts to a bed), wall-to-wall carpeting, beautiful color-coordinated fabrics as well as curtains, peccan paneling, and a large wardrobe.

Check out the quality here, too. Like hollow core doors on all cabinets. They're strong, lightweight and won't warp like solid ones. Check the fabric. It's all Herculon† and that means it is stain and wear resistant.

Now, check the construction . . . a solid steel subfloor over the chassis and steel frame reinforcements within the walls, the roof and around the rear door . . . a Winnebago construction feature for your added protection.

Best of all: The Winnie Wagon, fully equipped, costs no more than some luxury station wagons. Now, isn't this what you've been waiting for . . . a “super” station wagon-vacation home! BY WINNEBAGO.

The Winnie Wagon has a large back door for easy, immediate access to the rear compartment. With no trouble you can put several 4 ft. x 8 ft. sheets of plywood through the door at one time. The center section roof is easily and quickly raised for extra head room.

Thermo-Steel Construction

The Winnie Wagon is surrounded by Winnebago's tough Thermo-Steel — the same construction used to provide solid, dependable strength in Winnebago's full-sized motor homes.

Thermo-Steel construction merges the strength of steel with the superior insulating qualities of our exclusive Thermo-Panel*.

Proven in over a billion owner miles, Thermo-Panel is an outer layer of rustproof aluminum and an inner wall of tough paneling bonded to either side of a thick core of insulating material.

†“Herculon” is a registered trademark of Herculon, Inc., for its olefin fiber.

*“Thermo-Panel” is a registered trademark of Winnebago Industries, Inc.

The floor plan at the top of this page is standard on the Winnie Wagon, but you can tailor a floor plan and color scheme to meet your needs. The exterior is available in white with green or burnt orange accents and coordinated interior color schemes of Cactus Green, Sunflower Gold, and Tangerine. Choose from several floor plans shown which include a kitchen complete with a range, stainless sink and ice box, a dinette that converts into a bed or twin gauchos (for even more sleeping space), variable wardrobe, closet and counter top arrangements. There's a toilet available, too.

Standard Equipment

Safety Features

- New **Thermo-Steel** construction
- Clearance lights comply with Federal and SAE regulations
- Backup lights, parking lights, turn signals and safety flashers
- Seat belts
- Sun visors
- Two post exterior rearview mirrors

You can have confidence in our coast to coast service and complete warranty.

Winnebago service wasn't born yesterday. We have an established service network of over 300 authorized dealers from coast to coast and in Canada and Alaska. To these Winnebago dealers, motor homing isn't a sideline. It's a full-time job and they're in it to stay. That's why you can count on factory-trained service men who are as capable at tackling a problem as they are performing normal maintenance.

Winnebago is very proud of its network of sales and service dealers . . . the largest motor home service organization in the nation. Quite frankly, we feel that a top-notch service organization geared to your needs is as important as a quality product in assuring us of a long list of satisfied customers.

Experienced service, proven dependability, and a complete warranty. You get all this from Winnebago, America's largest selling manufacturer of motor homes. And you get one thing more: Winnebago Confidence.

WINNEBAGO WARRANTY

Winnebago Industries, Inc., warrants each new Winnebago Motor Home (excluding chassis, 110 volt power plant, and tires), Travel Trailer (excluding tires) or Camper Coach to the original purchaser as follows:

- For the life time of the unit — Winnebago Industries' exclusive "Thermo-Panel" Construction is warranted against defects in lamination for the lifetime of the Winnebago Motor Home Body, Travel Trailer, or Camper Coach.
- For the period of one year from the date of purchase — air compressor, air conditioner (auto), air conditioner (roof), antenna, axles (TT), auxiliary battery (MH), battery (TT), brake assembly (TT), converter, speed control, demand pump, furnace, hitch (TT), LP gas bottle(s), power range hood, pre-finished panelling, range, radio, refrigerator, sink, stereo, vacuum cleaner, gauges, water conditioner, toilet, and water heater.
- For the period of 90 days from the date of purchase — carpet, cushion foam, compartment doors, drainage hose, driver and passenger seats, electrical systems, cushion fabric, fire extinguisher, plastic refrigerator interior door, faucets, light fixtures, plumbing system, switches, shower door, shower head, vinyl, jack (MH), sealants, LP gas valves, and windows.

Any part of the Winnebago Motor Home, Travel Trailer or Camper Coach subject to this warranty which is found to be defective in material or workmanship, will be repaired or replaced, at Winnebago Industries' option, by the selling dealer without charge for parts or labor. If the selling dealer has ceased to do business as an authorized Winnebago dealer or the owner is traveling or has moved to a different locality and cannot return to the selling dealer, the owner may obtain warranty repairs or replacement at any authorized Winnebago Dealership.

Winnebago Industries, Inc., cannot, however, and does not accept any responsibility in connection with any of its Motor Homes, Travel Trailers, or Camper Coaches when they have been altered outside of its own factory. If the purchaser shall use or allow to be used in the Motor Home, Travel Trailer or Camper Coach, equipment and/or parts not made or supplied by Winnebago Industries, Inc., then this warranty shall become void, if failure is a result of improper installation or adaption.

Winnebago Industries, Inc., does not undertake responsibility to any purchaser of its products for any undertaking, representation or warranty made by dealers selling its products beyond those herein expressed.

This express warranty is the only warranty applicable to the Winnebago Motor Home, Travel Trailer, or Camper Coach and is expressly in lieu of any warranties otherwise implied by law (including but not limited to implied warranties of merchantability or fitness for any particular purpose). The remedies available under this express warranty shall be the only remedies available to the purchaser-user with respect to defects in material or workmanship.

Without regard to the alleged defect, Winnebago Industries, Inc., under any circumstances, does not assume any responsibility for loss of time, inconvenience or other consequential damage including, but not limited to, expense for gasoline, telephone, travel, lodging, loss or damage to personal property or loss of revenue.

Winnebago Industries, Inc., reserves the right to make changes in design and changes or improvements upon its products without imposing any obligation upon itself to install the same upon its products theretofore manufactured.

It is the obligation of each Winnebago dealer to provide full service for owners of Winnebago Motor Homes, including Winnebago installed and/or approved components as to all aspects of said products. If the dealer is unable to provide said service at his place of business, the dealer will, at his own expense, secure said service for you from other firms authorized to service the various components in your Winnebago Motor Home.

All descriptive and pictorial representations of the products in this brochure are believed to be current at the time of publication. However, due to continued product improvement and changes in suppliers, design and production, accuracy cannot be guaranteed.

Therefore, equipment, colors, material specifications, and model availability are subject to change without notice. Please contact your authorized Winnebago dealer for current model specifications.
