NEW YORK

hatever your destination, whether it's the Adirondacks or the open road, there's no better way to experience your travels than with the 2004 Ultimate Advantage. Floorplans with triple slideouts are designed to maximize your living and bedroom space. If storage space is what you're looking for, you'll find it in here. The Ulti-Bay® diesel pusher 34,200 GVWR chassis also offers unsurpassed performance and handling, and an impressively smooth ride, as well as large, accessible basement storage. Towing and hill climbing power is delivered with the 370-hp Cummins® diesel engine.

Improved cockpit ergonomics, a compressed air center and full-body exterior paint are just some examples of Winnebago Industries' renowned craftsmanship. So match a stunning mountain environment with the equally stunning and luxurious 2004 Ultimate Advantage. Once you've been to this mountaintop, other luxury motor homes may not measure up.

If you thought you needed an extra excuse to stay in and enjoy the exquisite surroundings, check out the entertainment choices. The standard 27" Sony® flat-screen television is fully enhanced with crystal clear Dolby® 5-channel QSurround™ Sound by Sony for full theater enjoyment. An available RV In-Motion digital satellite dish or available RV digital satellite dish can enhance your programming options. You can even watch a show when you're not connected to shoreline or generator power, thanks to the standard 2,000-watt inverter/charger.

The cockpit puts you in total command with an ergonomic design that surrounds you with fingertip convenience. Standard, upscale features include an electronic compass with outdoor thermometer, driver and passenger map lights, stereo with a built-in six-disc CD changer, built-in Sony color rearview monitor and roof-mounted air horns. For added comfort, the SmartWheel™ steering wheel is wrapped in soft leather and tilts and telescopes for perfect positioning. It also incorporates the windshield wiper, cruise, courtesy blink lights and headlight dimmer controls for easy access. Bus-style power sunvisors are standard and the front privacy curtain features pull cords for easy opening and closing.

Upgrade your listening choices with Sirius™ Satellite Radio programming. It offers 100 channels of digital entertainment, with 60 commercial-free, original music channels. High-altitude satellites deliver crystal clear satellite programming anywhere in the United States with no signal fades. And the receiver has full scrolling capabilities that show

artist names and song titles. (Sirius Satellite Radio programming requires a subscription.)

Enjoy the inner beauty of a distinguished luxury coach. You'll find only the finest interior furnishings, including premium Villa furniture (with available leather upgrades). We took special care to place the overhead lights for optimal illumination.

Creating a sumptuous feast or a quick snack is easy with the wellequipped galley. Upscale features include a 30" microwave/convection oven, Corian® solid-surface countertops, an available G.E. Advantium™ Speedcook microwave oven and even a built-in dishwasher. The molded, Swanstone™ solid-surface sink is stain-resistant for easy cleanup. It features a single-control Moen® faucet with pullout sprayer and a separate Everpure® faucet for purified drinking water. Beautiful Portsmouth Oak, Concert Cherry, Honey Cherry or Washed Maple cabinetry features dovetail construction and a beautiful catalyzed finish typically reserved for exclusive home cabinetry.

Customize your galley with two refrigerator choices. A large, double-door refrigerator/freezer comes standard. This choice includes a slideout side pantry for additional dry goods storage. Or you can choose a four-door refrigerator/freezer (shown here) if you prefer to keep more cold and frozen foods on hand. Both models include an icemaker.

The Rest Easy® Multi-Position Lounge offers unsurpassed seating flexibility and comfort. It starts as a plush sofa. Touch the button and it becomes a relaxing recliner with pullout ottoman. Touch the button again and it's a 60" x 75" bed. Rest Easy comes standard with fabric and is also available in leather.

The standard, rear slideouts open wide to create a magnificent bedroom with a residential-size, walk-around, queen-size bed. Stretch out and relax while watching the 19" color TV or drift off to sleep listening to the rear stereo system. For your storage convenience, a spacious, cedar-lined wardrobe is provided, along with underbed storage.

The available TripTek™ computer displays trip information on the rearview monitor, including distance to scheduled destination, time to destination, distance traveled, time traveled, fuel economy and a handy pre-trip checklist.

Take comfort in always knowing where you are and where you're going. An Alpine® GPS navigational system pinpoints your precise location and is available on every model.

The available dash-mounted dualclimate controls allow the driver and passenger to regulate their own comfort settings (passenger controls shown).

A keyless remote locks and unlocks the entry and compartment doors. The KeyOne™ System also allows these doors to be opened with a single, double-bitted key. When using the remote, the passenger map light stays on for 20 seconds.

The available, built-in central vacuum cleaner from Dirt Devil<sup>®</sup> features a powered brush head, a full complement of accessories and a 30-ft. detachable hose that easily reaches the entire coach. There's also a VacPan® located at the base of the galley cabinets that whisks away sweepings without using any attachments. For exterior compartments, a second vacuum connection is located in the Ulti-Bay storage area

The available, keyed security vault has its own concealed location. It provides a safe place to keep important documents and valuables.

The standard dining table provides a spacious dining area for two and quickly expands to accommodate four place settings when entertaining guests. Launder your clothes at your convenience with the available, built-in combination washer/dryer. It includes nine wash, and three time-and-temperature programmable dry cycles to accommodate a wide variety of fabrics and garments.

The bedroom features a queen-size Sleep Number<sup>®</sup> Bed by Select Comfort." Using the hand-held remotes on each side of the bed, you can quickly and independently adjust the mattress firmness level to your ideal level of comfort and support...your Sleep Number, which is Your Key to a Perfect Night's Sleep "!

Both Kustom Fit leather cab seats feature electric, adjustable lumbar support and six-way power-assist seat pedestals for maximum comfort. Heated driver and passenger cab seats are available. The passenger area includes a convenient slider window and a powered stepwell cover, which provides flooring in front of the passenger seat for comfort while traveling. A powered footrest for the passenger seat is available.

The sewer hose features a QuickConnect™ Coupling Valve for quick, clean hookups and holster for easy storage.

The Ulti-Bay storage bays are spacious and include a pass-through section to accommodate oversized items, while the slideout trays make access even easier. The storage bay doors feature gas struts and single-paddle latches with enlarged finger clearance for easy, one-handed operation.

Say good-bye to wrestling cords and hoses through small holes; the new QuickPort™ Service Connection Hatch makes hookup a snap. Plumbing connections and service functions are well-positioned and clearly labeled for ease of operation. Tank and system levels can also be checked at the convenient exterior monitor panel. Powered reels are available for your water supply hose and shoreline power cord.

StoreMore® is storage the way it is supposed to be. With the StoreMore slideout system, the driver-side front exterior storage bays actually move with the slideout extended.

Keep your electrical system running smoothly even when operating your central air conditioning on 30-amp. shore power. The PowerLine® Energy Management System monitors onboard 110-volt electrical usage and minimizes the nuisance of tripped campground circuits by regulating the operation of postponable electrical loads during periods of heavy usage. As demand decreases, PowerLine automatically returns power to the secondary appliances and systems.

# TRUEAIR®

Precision climate control is assured, thanks to Winnebago Industries' exclusive TrueAir® Residential Central Air

Conditioning. TrueAir utilizes superior cooling technology to supply optimum environmental control throughout the coach. At the heart of the system is a Coleman®-Mach® cooling unit located in the basement to provide a lower vehicle profile while reducing noise and eliminating condensation runoff. You'll also find this location is much easier to service and provides a lower center of gravity than traditional, roof-mounted air conditioning units. A heat pump comes standard so TrueAir can help keep your Ultimate Advantage warm on cool days without running the furnace.

The OnePlace™ Systems Center places important and frequently used switches, gauges, level indicators and controls in one convenient location.

For your outdoor enjoyment, we've included an exterior entertainment center. The AM/FM stereo with CD player is perfect for relaxing under the shade of the awning. It comes with a remote control and TV hookups.

Use the automatic leveling jacks for fast, convenient setup when you've stopped for the day. HWH® leveling jacks provide more than 20 tons of hydraulic power for rocksolid stabilization.

#### Mirrors

Top-mounted electronic remote control mirrors feature both flat and convex surfaces that are strategically positioned to provide increased visibility and safety. Electronic defrost helps keep the oversized mirrors clear.

### 82.77" Wheel Track

The Ultimate Advantage features an ultra-wide wheel track for better handling and increased stability.

#### Tires

Michelin® XZA1 tires are mounted on precision-machined, stylized aluminum wheels.

### **Dual Fuel Fills**

Fuel fills are located on both sides of the coach for convenient fueling from any pump.

Fiberglass Roof

Ultimate Advantage features a onepiece fiberglass roof backed with a 10-year limited parts-and-labor roof skin warranty.

#### Insulated Roof Vents

Roof vents improve circulation and are insulated for thermal efficiency

#### Hitch

A 10,000-lb, drawbar capacity trailer hitch is standard to accommodate towing needs.

Service Points

We designed the Ultimate Advantage to provide convenient access to service points such as the air cleaner, fluid fills and diagnostic plugs.

Side-Mounted Radiator

The radiator is mounted on the side of the coach for improved airflow and cooling.

You'll love relaxing in the shade of the available Carefree® One-Touch™ patio awning. It extends and retracts electronically and is constructed with new anodized aluminum hardware that matches your coach's body color. The powered entrance door awning and new electric rear window awnings provide additional shade and protection. All units feature full-body paint.

Air-line System

Draining the air-line system of condensation is recommended on all vehicles with air brakes and air suspension. Automatic system dryers and heated air system drains include remote lanyard controls so you'll never have to crawl under the chassis to perform this routine maintenance.

The 370-hp ISL 8.9L Cummins diesel engine is equipped with a wastegated turbo-charger for improved power and efficiency and a Jacobs Engine Compression Brake,™ which utilizes engine compression to slow the vehicle and promotes longer brake pad life. A four-point mounting system cradles the engine, isolating the coach from torque-induced vibration and noise. Basic recommended service intervals for oil and filter changes are 15,000 miles or 12 months under normal conditions and reduce routine maintenance costs.

The Allison® 3000 MH six-speed transmission features adaptive electronic technology that actually enables it to adjust the shifting pattern based on your driving style. This results in smoother shifts between gears and, best of all, improved mileage.

A 7,500-watt Onan® Quiet Diesel™ generator provides plenty of AC power and slides out for easy servicing.

A full-width rear mud guard helps deflect dust and small stones from the undercarriage and helps keep the coach and tow vehicle clean.

Some luxury motor coaches still use straight axle technology that is popular in heavy trucks. But the Ultimate Advantage includes an advanced independent front suspension that provides greater lateral stability, eliminates bump steer and allows each wheel to move independently through its range of motion. As a result, each tire maintains better contact with the road for a smooth ride similar to that of a luxury sedan.

Full anti-lock air brakes deliver impressive stopping power. Both brake and accelerator pedals are adjustable for your driving convenience. Bigger is better. You might assume all luxury-class motor coaches deliver high-performance ride and handling. But the fact is, not all luxury-class motor coaches are created equal. The Ultimate Advantage utilizes the proven performance of a large, high-volume air bag strategically positioned at each wheel-suspension point to deliver responsive handling and a velvety smooth ride. Beware of less-advanced systems that use smaller, lower-volume bags that require multiple air bag mountings at each wheel. Not only are they more cumbersome, the additional air lines and connections increase the opportunity for system leaks.

An auxiliary air supply with a detachable 50-ft, hose offers a ready supply of compressed air.

a The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by as much as 2° depending on chassis or equipment variations. Your vehicle may be equipped with optional features that increase the overall height. Please check with your dealer for further information.

40E

40K

S

- b Ultimate Advantage floorplans feature a wide-body design over 96. In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96 in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- c Your motor coach's load capacity is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor coach.
- d Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances, which includes
  the GVWR, GAWR and GCWR, as well as adequate trailer brakes. Please refer to your vehicle's operator's
  manual for further towing information.
- f Not all items available in combination. See dealer for details.
- g See separate chassis warranty details provided in owner's packet.
- h See your dealer for complete warranty information.

Winnebago Industries continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice. Comparisons to other motor coaches are based on the most recent information available.

# ULTI-BAY

Ulti-Bay is Winnebago Industries' exclusive monocoque chassis design that provides abundant mid-coach storage, impressive driving and handling performance, as well as 10,000 pounds of towing capacity.\*+

Ulti-Bay combines front and rear Spartan Custom
Chassis elements with an advanced truss design that
eliminates bulky, cumbersome center rails. To provide even
more mid-coach storage, large components such as the water
heater, furnace and holding tanks are located fore and aft of the
mid-section to create large, unobstructed storage bays.

Winnebago Industries invented and perfected Thermo-Panel® manufacturing. The result is an advanced composite construction that combines a low-maintenance, durable exterior panel with welded aluminum support substructures embedded in a high-density block foam insulation core to create a very strong, durable and lightweight sidewall.

++ Ultimate Advantage features a tow bar rated at 10,000-lbs. capacity as a standard feature. Actual towing capacity can be further limited by other factors such as the weight of the vehicle as loaded and the type of towing to be performed. Check with your Ultimate Advantage dealer for additional towing specifications.

Recognized quality. Recreation Vehicle Dealer Association members annually rate RV manufacturers on the quality of their products and sales and service support. Winnebago Industries has achieved the coveted Quality Circle Award every year since its inception, the only major motor home manufacturer to do so.

Committed to service. We back our motor coaches with the best service after the sale in the industry.

- 12-month/15,000-mile basic limited warranty
- 36-month/36,000-mile warranty on structure
- Standard 10-year limited parts-and-labor roof skin warranty
- Complimentary 24-hour roadside assistance program
- TripSaver Fast Track Parts. TripSaver guarantees that in-stock warranty parts ship directly to your dealer within 24 hours.
- National dealer service network

All motor homes are not created equal.

Learn more about what sets Winnebago
Industries apart. Ask your dealer for this guide.

It will help you learn what makes Winnebago

It will help you learn what makes Winnebago Industries motor homes distinctly superior to other brands.

Warning: Joining WIT has been known to cause excessive fun. Winnebago-Itasca Travelers (WIT) is a club for owners of Winnebago Industries motor coaches. WIT is a great way to meet people and offers you:

- Caravans and rallies
- Local and state groups
- RV travel benefits
