Cambria

WINNEBAGO

Why Cambria?

- Ultraleather™ furniture
- Swivel cab seats
- LED lighting
- Available Ideal Rest® Nouveau digital comfort control mattress (NA 27D)
- Rear storage trunk with drain plug and folding table
- 4,000-watt Cummins® Onan® MicroQuiet™ gas generator
- Available MaxxAir® powered ventilator fan with rain cover and electric lift
- Available solar panel/battery charger system

On the Cover: **30J** Sterling Full-Body Paint

30J Reflection with Glazed Driftwood Cabinetry

Enjoy the Motorhome Lifestyle

Stop dreaming of full-scale luxury in a maneuverable Class C package, and start living it in the Cambria.® Three distinct floorplans are nicely appointed with features that make life more enjoyable, such as premium Ultraleather furniture, LED lighting, and available dual-pane Contour™ windows. An available Interior Upgrade Package takes the Cambria to the next level of comfort and leisure with the addition of MCD solar/blackout roller shades, a decorative galley backsplash, and more. Prefer to spend your time outdoors? The large exterior trunk with a convenient drain plug allows you to keep plenty of cold beverages on hand while you relax beneath the powered patio awning with LED lighting. You may even have to remind yourself that you aren't dreaming; you're just enjoying life in your new Cambria.

Recognized Quality

The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.

30J Reflection with Glazed Driftwood Cabinetry

Find yourself in a state of ultimate relaxation when you stretch out in the FlexSteel® Fold N Tumble sofa or the Rest Easy® sofa. Both come in soft Ultraleather and convert into comfortable 60" x 75" beds. Enjoy movie nights or entertaining with the large HDTV and Home Theater Sound System. The popular Interior Upgrade Package enriches your Cambria with stylish additions such as Corian® sink covers, a galley backsplash, MCD solar/blackout roller shades, and much more.

OnePlace® Systems Monitor

The galley offers plenty of workspace on Corian countertops and a well-designed workflow between the range, sink, and microwave oven. By selecting the tankless water heater, you'll decrease your LP usage. An available four-door refrigerator/freezer lets you stock up for extended vacations. If you select the sofa options, you can enjoy your meals in a dinette or at a movable pedestal table (27D).

Select the 27K or 30J with a walk-around queen bed for a private bedroom. It's available with an Ideal Rest® Nouveau digital control mattress that lets you dial in your ideal firmness. The 27D offers a versatile sleeping experience with a rear dinette that converts into a large 60" x 80" bed. The powered StudioLoft™ bed tucked into the ceiling drops down to provide a second large sleeping space for your guests.

Dash

You'll love cruising the country in your Cambria, in part because of its nimble Class C chassis, but also because of the little details that take the stress out of driving, like power mirrors with defrost. Add the cab seat boosters and swivel the fully-adjustable cab seats to face the lounge when you aren't behind the wheel. Upgrade to the available Rand McNally infotainment center for touchscreen navigation and an enhanced dash stereo experience.

30J Powered Patio Awning

One of the many joys of owning a motorhome is spending time in the great outdoors. The Cambria makes that time even better with a large rear storage trunk for chairs and a grill, plus a rotocast compartment to keep your beverages on ice. The powered patio awning with LED lighting and an available exterior entertainment center with AM/FM stereo, CD/DVD player, and remote add to the fun. Enhance the look of your Cambria with available stylized aluminum wheels and frameless, dual-pane windows for a sleek style.

Fiberglass Roof
The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Rubber Can't Cut It
Rubber roofs used by competitors can streak and degrade over time.

Thermo-Panel® Sidewalls
By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable, and lightweight sidewalls.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

E-Coating An electrodeposition coating helps protect critical steel components.

Laser-Cut Tubing Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints Specially engineered interlocking joints connect the floor, sidewalls, and roof where competitors often rely on simple screws to bear the weight.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

SUPER STRUCTURE®
BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING

Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

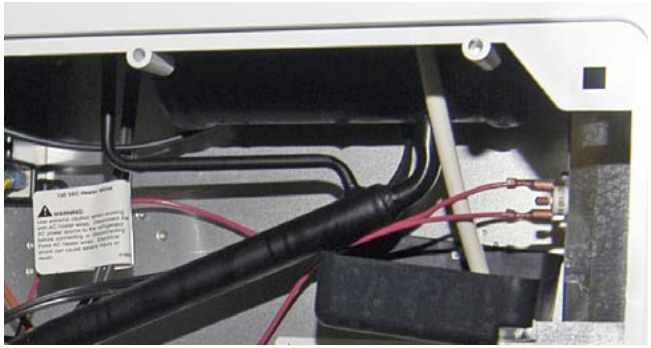

DETAILS

At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE

We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

SUPER STRUCTURE®

BUILT TO LAST

Visit **BetterBuiltRVs.com** to gain real insight into what goes into a Winnebago motorhome.

TAKE A TOUR

We're proud of our processes, state-of-the-art facilities, and the people who make Winnebago number one. We invite you to visit our complex in Forest City, Iowa, for a firsthand look at the dedication and technology behind every motorhome we build.

Call **(641) 585-6936** or **(800) 643-4892** or visit us online at **WinnebagoInd.com/company/visit** for more information.

12-month/15,000-mile basic limited warranty[8]

36-month/36,000-mile limited warranty on structure[8]

10-year limited parts-and-labor warranty on roof skin[8]

FOOTNOTES

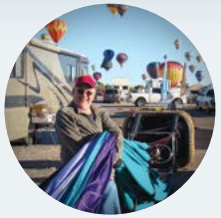

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.
2. Floorplans feature a wide-body design - over 96." In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
4. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5. Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
7. See separate chassis warranty.
8. See your dealer for complete warranty information.

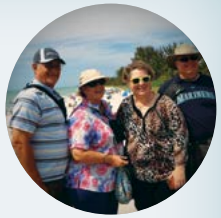

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
