top, and HDTV

Powered incline king bed
Available premium full-body
paint packages

Mobileye® Collision Avoidance
System

On the Cover: 45RL Solar Winds Premium Full-Body Paint

45RL Park Avenue with Coffee-Glazed Honey Cherry Cabinetry

Nothing But the Best

This is Winnebago® at its best. This is the coach your dream coach dreams about. This is the Winnebago Grand Tour.® Every detail was painstakingly considered to give you the ultimate motorhome experience. Built on the V-Ride axle, side radiator Maxum Chassis® with UltraSteer tag axle (45RL), your options are vast. Driver conveniences such as the world-class cab seats, Mobileye® collision avoidance technology, and large, dual GPS screens make every trip a pleasure. A king bed, luxurious private master bathroom, and separate mid-coach half-bath

provide a unique level of comfort and privacy that is enhanced with lounge and bedroom HDTVs, a Yamaha® sound system, and the Glide & Dine® dining table. Our largest, grandest floorplan, the Grand Tour 45RL, features a double-tier galley island, retractable HDTV, and a cozy fireplace. Even the little things like MCD powered blackout shades and soft-close drawers make a big difference in creating the ultimate coach. Experience life in the Winnebago Grand Tour and accept only the best.

Recognized Quality

The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.

45RL Lounge

From your first step inside the Grand Tour you'll know you're part of something special. From the expertly-crafted solid wood cabinetry and polished porcelain floor tiles, down to the accent piping on the Ultraleather™ furniture, no detail is overlooked in creating the perfect lounge. Three floorplans offer a distinct feel, letting you choose from the wraparound comfort of an extendable sectional sofa or a cozy sofa/sleeper. Each floorplan includes a fireplace and a 50" HDTV (60" in the 45RL) with Blu-ray™ Home Theater System that puts you right in the heart of the action. Powered MCD dual shades let you set the mood at the touch of a button.

MCD Blackout Roller Shades

Available Home Theater System Soundbar

45RL Sofa

4K Ultra HD Lounge TV

HDMI Video Selection System

Multi-Plex Wall Switches

45RL Sofa as Bed

45RL Fireplace

45RL Flip-Up Table

45RL Dinette

45RL Dinette Storage

Beautifully crafted solid wood cabinetry with soft-close drawers, a two-tier Quartz solid-surface countertop and a full complement of appliances come together in a galley you will love at first sight. The French door refrigerator/freezer is a must-have and you can choose from a microwave/convection oven or a microwave/speedcook oven (NA 45RL) for perfectly browned and crisped meals. Enjoy dining in the comfortable elegance of the Glide & Dine table.

45RL Pantry

Microwave/Convection Oven

45RL Bedroom

This is the master suite of your dreams. A powered king bed with an Ideal Rest® digital comfort control mattress is the centerpiece of your bedroom that features a Magic Mirror HDTV, ceiling fan, and wardrobes that match the intricate styling of the entire coach. The master bath sparkles with a solid surface Quartz (45RL) or Corian® (42HL, 42QL) countertop, decorative backsplash, and a porcelain toilet with electric flush. This same level of comfort and design is found in the half-bath, located in the mid-coach, for you and your guests.

45RL Shower

45RL Wardrobe

45RL Bathroom

Washer/Dryer

Dash

Sink into the Versa luxury heated cab seats. Grab the elegant burled-wood steering wheel. Then, hit the gas and feel the Cummins® ISL 450-hp turbo-charged diesel engine do your bidding. Rearview and sideview cameras keep you in control while the new Mobileye Collision Avoidance System provides additional peace of mind. The cab stereo system is second to none, featuring an AM/FM tuner, CD/DVD player, Sirius® satellite radio and Bluetooth™ connectivity. Also included is the Rand McNally RV GPS system with two touch-screen monitors and turn-by-turn voice guidance to any destination. The powered skylight and built-in dash fans will keep you comfortable the whole way there.

GRAND TOUR Exterior

WINNEBAGO

With eight intricate full-body paint options, and a premium clear coat finish, the “oohs” and “ahhs” come standard. But it’s not just looks that grab your attention; the standard Tailgate Package boasts an induction range top, refrigerator/freezer, wet bar, and several other must-have features for the ultimate tailgate party. Keep looking and you’ll discover an entertainment center with an HDTV and soundbar, a large storage bay with sliding tray, plus a 10,000-watt generator to keep the party going inside and out. Enjoy all of this under the standard integrated patio awnings.

Fiberglass Roof The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Thermo-Panel® Sidewalls By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Laser-Cut Tubing Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

SUPER STRUCTURE®

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction design. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING

Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS

At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE

We process and finish key aluminum parts. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

SUPER STRUCTURE®

BUILT TO LAST

Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago motorhome.

TAKE A TOUR

We're proud of our processes, state-of-the-art facilities, and the people who make Winnebago number one. We invite you to visit our complex in Forest City, Iowa, for a firsthand look at the dedication and technology behind every motorhome we build.

Call (641) 585-6936 or (800) 643-4892 or visit us online at WinnebagoInd.com/company/visit for more information.

3-point engine mounting reduces engine vibration.

Engine compression brake uses the engine to slow the coach, promoting longer brake life.

15,000-lb. trailer hitch⁶

Allison® 3000 MH 6-speed automatic transmission includes a touchpad control for ease of use.

MAXUM CHASSIS

ZF™ IFS front suspension and NeWay® rear air suspension provide superior ride and handling.

The lowered-rail design moves intrusive rails from storage areas, creating up to 210 cubic feet of storage.

Up to a 60° wheel cut provides a tighter turning radius and better maneuvering.

Rear axle incorporates proprietary gear machining for a smoother, quieter ride.

Taller, pass-through storage height accommodates bulky items.

Extra space in critical areas allows for more pass-through storage.

"Clean Air Diesel" 450-hp ISL Cummins® engine delivers hill-climbing power when you need it most.

Low frame rails create a lower center of gravity, improving stability.

Winnebago's SuperStructure integrated with the lowered-rail design creates a chassis that is seven times stronger than typical raised-rail chassis designs.

Dual-fill fuel tank.

Color-coded air lines make service easy.

Michelin® tires and polished aluminum wheels look sharp.

4-wheel ABS anti-lock air brakes provide fast stopping power.

A True Work of Art

You may not be able to see the Maxum Chassis as you're driving through the Rockies, but you'll know it's there. Its powerful Cummins turbo-charged diesel engine and Allison® transmission go to work so you don't have to sweat the peaks and valleys ahead.

Through a strong partnership with Freightliner®, the undisputed leader in diesel motorhome

chassis, we set a new standard for handling, ride and performance in diesel chassis design.

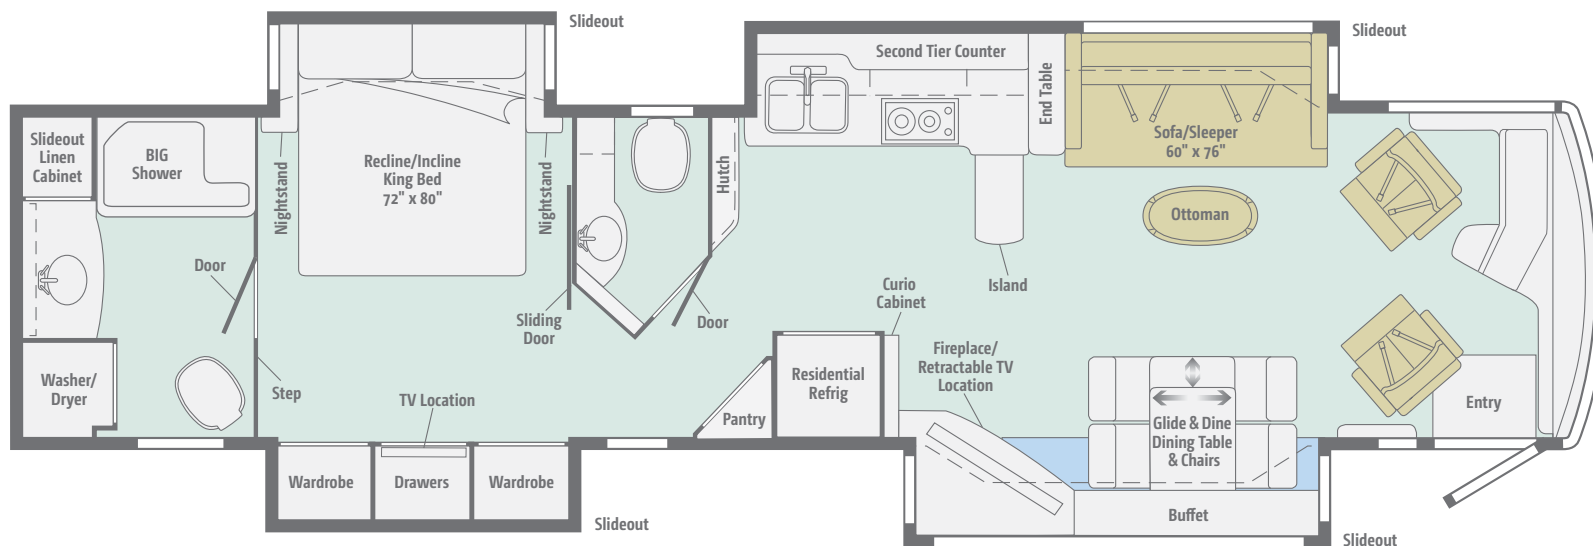

But performance doesn't mean sacrificing storage. The innovative lowered-rail design of the Maxum Chassis opens up a cavernous basement storage compartment, offering up to 210 cubic feet of storage.

Pull-Out Tailgate Package single burner induction range top, steel counter, refrigerator/freezer, bottle opener, garbage bag holder, paper towel holder, cold water access port, flexible water spout w/shut off, 15' coil water hose, LED light fixture, 110-volt/AC receptacle, large storage area

OPTIONAL EQUIPMENT

Polished stainless steel on lower valance doors and panels

Exterior entertainment center 55" HDTV w/extendable/pivot mounting bracket, home theater soundbar system, and subwoofer (42QL, 45RL)

Heating & Cooling System

TrueAir® Maximum Comfort A/C 3-13,500 BTU roof air conditioners w/2 heat pumps and 3 condensation pumps

Aqua-Hot® 450 hydronic dual-zone heating system w/continuous hot water and engine pre-heat

Triple-zone thermostat

OPTIONAL EQUIPMENT

Heated floor (45RL)

Electrical System

Service Center 120-volt AC power, cable input, portable satellite dish hook-up, QuickPort® service connection hatch, multi-plex panel, solar control module

PowerLine® Energy Management System (42HL, 42QL)

OnePlace® 10" touch screen systems control center (45RL)

Auxiliary start circuit

50-amp. power cord w/reel

100-watt solar panel battery charger

2,800-watt AC/DC Pure Sine inverter/charger w/remote panel

10,000-watt Cummins Onan® Quiet Diesel™ generator

AC/DC electrical distribution system

6 maintenance-free AGM deep-cycle Marine/RV sealed coach batteries

Battery disconnect system (coach and chassis)

Automatic dual-battery charge control

Safe Guard® shoreline/generator automatic changeover switch w/surge protection

Chassis battery charger/maintainer

Automatic generator start system

Battery disconnect system (coach and battery)

Plumbing System

Service Center multi-plex monitor panel, pressurized city water hookup w/diverter fill, drainage valves, exterior wash station, glove holder, holding tank flushing system, paper towel holder, 20' sewer hose w/QuickConnect®, QuickPort service connection hatch, soap dispenser

TrueLevel™ holding tank monitoring system

Water supply hose w/reel

Full coach water filtration system

Portable LP tank w/gauge and LPG accessory connection (patio area)

On-demand water pump

Winterization Package water heater bypass valve and siphon tube

Heated holding tank compartments

Safety

LP, smoke, and carbon monoxide detectors

10 BC fire extinguisher

Ground fault interrupter

Daytime running lamps

Fog lamps

High-mount brake lamps

Warranty⁷

12-month/15,000-mile basic limited warranty⁸

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts-and-labor warranty on roof skin⁸

FOOTNOTES

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.
- Floorplans feature a wide-body design - over 96." In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- See separate chassis warranty.
- See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
