Winnebago Winnie Drop Camping with style

Aerodynamic, easy to tow, and full of features are three great reasons why the Winnie Drop should be your next camping trailer. The modest yet roomy design allows for 6'5" of headroom in the main living space, and a cozy feeling when lying in bed or sitting at the dinette table. Some models include a slide out creating even more space inside of your private camping cottage. Don't overlook the modern conveniences of a bathroom, water heater, and cooking arrangements that help to make your home away from home comfortable. So, load up the storage and let's go camping!
