Sunova

WINNEBAGO

Why Sunova?

- Powered patio awning with LED lighting and metal wrap
- One-piece fiberglass roof
- Corian® galley countertops, sink covers, and decorative backsplash
- Versa easy-swivel driver's seat
- Available exterior entertainment center
- Available powered StudioLoft™ bed
- Motoraid supplemental hot water and heating system
- New 10" dash radio/Bluetooth® multimedia system
- Dash workstation with USB cable connection

On the Cover: **36Z** Cloud Full-Body Paint

36Z Autumn Ridge with Coffee-Glazed Vienna Maple Cabinetry

Raise Your Expectations

The Sunova® is a competitively-priced coach designed for those with more discerning Class A tastes. An impressive list of standard features such as MCD solar/blackout roller shades, LED lighting, automatic leveling jacks, and a powered patio awning with LED lighting and metal wrap gets every adventure off to a fast start. Three slideouts in each floorplan open wide for larger features such as the extendable inLounge™ (35G) and an available king bed. Family and guests will appreciate the optional larger StudioLoft bed with an electric lift that tucks into the ceiling when not in use. Give your motorhome lifestyle the upgrade it deserves with a new Sunova from Winnebago.®

MotorHome READERS' CHOICE AWARDS 2016 SILVER AWARD WINNER

2016 MotorHome READERS' CHOICE WINNER Class A

36Z Autumn Ridge with Coffee-Glazed Vienna Maple Cabinetry

The Sunova helps create a good time with a stacked entertainment center featuring a large HDTV and a wall-mounted stereo system with three independently controlled speaker zones in the lounge, bedroom, and exterior. Select from a variety of furniture options that work within the space to provide comfort and functionality, including the inLounge™ in the 35G that pulls triple duty as a lounger, dinette, and sleeping space. The interior provides a pleasant atmosphere with soft LED lighting and MCD solar/blackout roller shades on select windows. Family and friends who spend the night will appreciate the expanded size of the available powered StudioLoft bed that drops down from the ceiling at the press of a button. It's another way the Sunova makes everyone feel right at home.

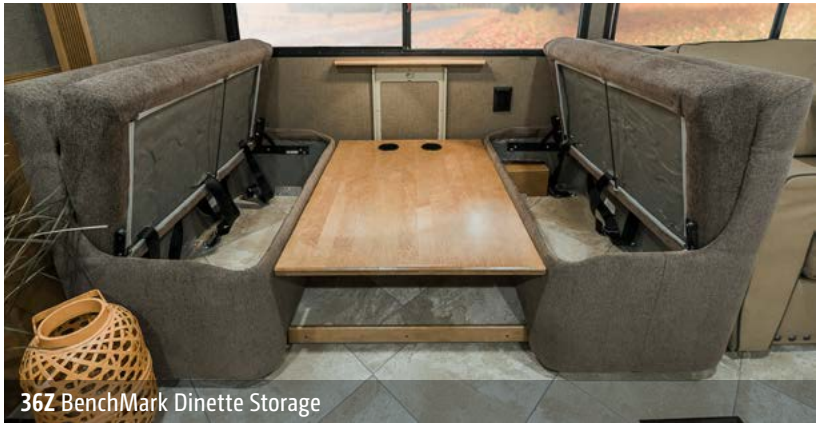

Powered Shade with Privacy Curtains for Driver/Passenger Window

36Z Available Passenger Seat with Footrest

36Z BenchMark Dinette

36Z BenchMark Dinette Storage

36Z BenchMark Dinette as Bed

OnePlace® Systems Center

36Z Electric Fireplace

36Z Wall-mount Stereo System

36Z Galley

36Z Corian Sink Covers

36Z Range Covers

36Z Full-Extension Drawers

The galley features a generous layout and a contemporary look with Corian® countertops and a decorative backsplash. The appliances are equally impressive, including a recessed 3-burner/glass top covered range and a microwave/convection oven that cooks and browns like a traditional oven in less time. Keep things cool in the four-door refrigerator/freezer with a built-in ice maker in the 33C and 35G. The 36Z comes with a residential two-door refrigerator/freezer that also includes an ice maker for your convenience. You'll have plenty of storage for food on longer trips in the large pantry found in the 33C and 36Z.

36Z Microwave/Convection Oven

36Z Bedroom

36Z Under Bed Storage

36Z Mid-Coach Bathroom

Whether you want to sleep, read, or watch TV, the available powered king bed in the 35G adjusts to your desired position at the touch of a button. It includes the Ideal Rest® Nouveau™ digital comfort control mattress with individual firmness controls on each side of the mattress. The comfort controls are also part of the available king beds in the 33C and 36Z. You'll find a private master bathroom in the 36Z in addition to the mid-coach half bath. After a long day outdoors, utilize the available washer/dryer no matter which floorplan you choose.

36Z Shower

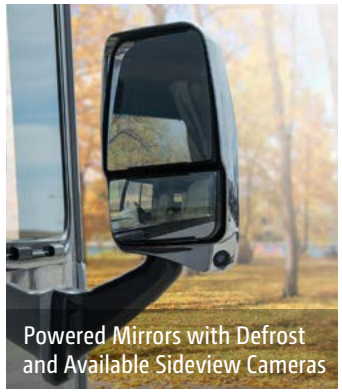

Dash

Enjoy the drive or face the lounge when you are parked in the easy-swivel, plush cab seats with soft Primera. A 10" Bluetooth® multimedia system incorporates a touchscreen that controls the stereo system with an iPod®/MP3 input and an available SiriusXM® radio (includes a 90-day trial subscription). Have confidence climbing hills or towing vehicles thanks to the mighty 6.8L Triton® V10 SEFI engine with TorqShift™ 6-speed automatic transmission.

Passenger Dash Workstation with 12V USB Charging Ports

Powered Mirrors with Defrost and Available Sideview Cameras

36Z Powered Patio Awning with LED Lighting

Love to sit and admire the view? The Sunova provides extra cover with a powered patio awning and a second powered awning (36Z) over the entrance door so neither rain or bright afternoon sun can spoil your outdoor fun. While you're out there, why not catch the game on the available exterior entertainment center with an HDTV and stereo speakers? Chairs, side tables, and more can all be stored in the lighted exterior compartments with single-paddle latches for easy operation.

Fiberglass Roof
The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Thermo-Panel® Sidewalls
By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Solid Framework Structural extruded aluminum creates an extremely strong solid frame.

Laser-Cut Tubing
Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints
Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

SUPER STRUCTURE®
BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction design. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING

Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

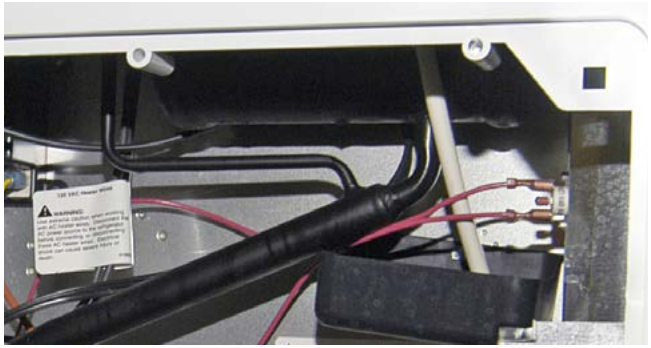

DETAILS

At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE

We process and finish key aluminum parts. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

SUPER STRUCTURE®

12-month/15,000-mile basic limited warranty[8]

36-month/36,000-mile limited warranty on structure[8]

10-year limited parts-and-labor warranty on roof skin[8]

FOOTNOTES

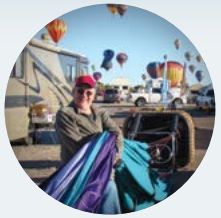

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.
2. Floorplans feature a wide-body design - over 96." In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
4. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5. Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
7. See separate chassis warranty.
8. See your dealer for complete warranty information.

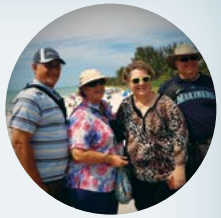

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
