On the Cover: 25P Tuscan Sun Full-Body Paint

25P Honeycomb with High-Gloss Marbella Cabinetry

The Diesel Dynamo

Nimble. Peppy. Stylish. As the most compact and efficient Class A diesel motorhome in North America, the Via® is a power-packed, 25-foot coach built on a Mercedes-Benz® Sprinter cowl chassis. The interior takes its design cues from the bold exterior, incorporating features such as a waterfall countertop into a completely redesigned galley. Entertain family and friends in the 25P with a new dinette that seats six, or take advantage of the versatility of a Flex Bed in the 25T that converts into a king bed or two twin beds in seconds. Say yes to fun and adventure in the go-anywhere Via.

MotorHome READERS' CHOICE AWARDS 2016 SILVER AWARD WINNER

2016 MotorHome READERS' CHOICE WINNER Class A

25P Honeycomb with High-Gloss Marbella Cabinetry

Freedom and flexibility are yours in the 25T with a slideout holding the TrueComfort+ Sofa and a movable pedestal table. In the 25P the BenchMark® dinette includes built-in footrests so it is equally suitable for dining or lounging to watch the HDTV. You'll find the HDTV in both floorplans is positioned to be viewed comfortably from the dinette and the swivel cab seats with additional entertainment provided by a CD/DVD stereo system with Bluetooth.® The entire coach is designed for ease of use and that starts with the OnePlace® systems center. Here you'll find controls for all key systems, including tank levels, water heater switch, battery condition gauge, and a water pump switch. Upgrade to dual-pane windows for added thermal efficiency.

25P Galley

25P Full-Extension Drawers

25P Sink Cover

The 25P galley is a feast for the eyes with a waterfall countertop, glass heat shield, and two-tone cabinet doors. An extra-wide countertop in the 25T provides more workspace and allows for a wider window for more natural light and a better view. The microwave/convection oven gives you the flexibility to heat food quickly while also crisping and browning like a traditional oven. You'll also have a two-burner range and a two-door refrigerator/freezer at your disposal to make any meal your heart desires.

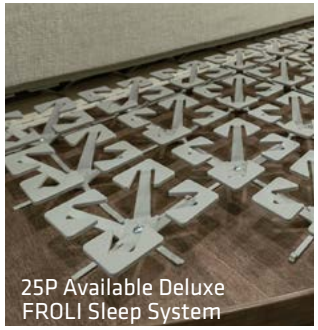

25P 2-Burner Range with Glass Cover

25P Sink with Folding Faucet

25P Bedroom

25P Available Deluxe FROLI Sleep System

25P Bedroom HDTV

25P Bathroom

The 25T is built for travel flexibility with the Flex Bed System that quickly converts from two twin beds into a giant king-size sleeping area. In the 25P you'll find a corner bed that is available with the deluxe FROLI® sleep system that allows for a great night's sleep no matter where you are. And if you need a little help falling asleep, a bedroom HDTV comes standard in both floorplans.

25P Bed Storage

Dash

Take to the open road with the smooth, peppy, fuel-efficient performance of the Mercedes-Benz Sprinter cowl chassis. It meets today's highest safety standards and is available with the Mobileye collision avoidance system for advanced stopping power when it senses danger. Turn-by-turn navigation is provided by the Rand McNally RV GPS that is built into the Infotainment Center with a 9" touch screen. This robust system includes split screen touch controls for the AM/FM stereo, available SiriusXM® radio, and any Bluetooth connected devices. Give the system even more power by adding the JBL® premium audio speaker system.

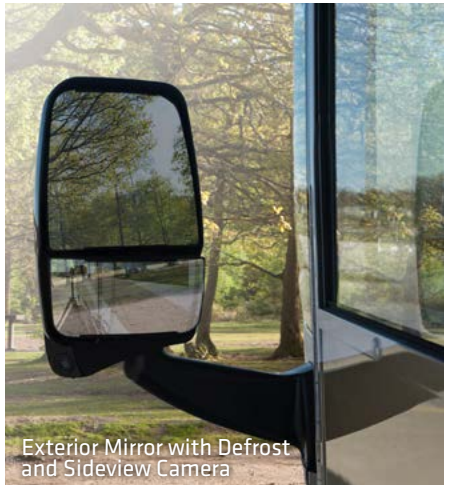

Front Wraparound Curtain

Available Mobileye Collision Avoidance System

Your Via is blessed with a surprising amount of exterior storage space, including a large lighted compartment for your oversized items as well as a storage compartment with straps to secure a pair of golf bags (25P). Glide in and out of the Via through the Threshold Quiet RV entrance door that features a sliding screen door with double seals for a quiet ride. Outside, spend time relaxing beneath the powered patio awning with LED lighting and enjoy the fruits of your travels.

Fiberglass Roof The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Thermo-Panel® Sidewalls By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

Laser-Cut Tubing Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

E-Coating An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Solid Framework Structural extruded aluminum creates an extremely strong and solid structural framework.

SUPER STRUCTURE®

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction design. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

12-month/15,000-mile basic limited warranty[8]

36-month/36,000-mile limited warranty on structure[8]

10-year limited parts-and-labor warranty on roof skin[8]

FOOTNOTES

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2. Floorplans feature a wide-body design - over 96." In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
4. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5. Capacities shown are tank manufacturer's listed water capacity (W.C.) Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6. Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
7. See separate chassis warranty.
8. See your dealer for complete warranty information.

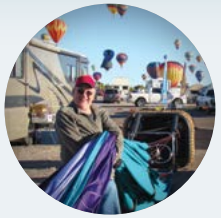

NA Not Available

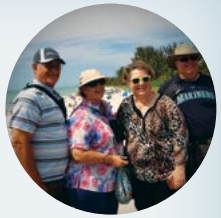

Not all items available in combination. See dealer for details.

Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
