Ready to go
anywhere
adventure
calls you

Choose your adventure, but first, choose your floorplan. The Winnebago® Minnie Winnie® gives you seven floorplan options, including the new 22M, which includes a U-shaped dinette that converts to a comfortable bed. Each floorplan features a private rear bedroom and cabover bunk for added sleeping flexibility, plus a large rear

trunk for your gear. Make it your own with three new interior décor options and stylish exteriors. Add in a long list of standard features, a variety of available upgrade packages, and Winnebago's legendary build quality, and you'll see why the Minnie Winnie is an outstanding value for families of all sizes.

This brochure features the
Minnie Winnie 31D Floorplan

Cascade with Coffee-Glazed Vienna Maple Cabinetry

The Minnie Winnie is designed for relaxed and comfortable living with four interior décor collections that include Primera® by Ultrafabrics seat covers for added comfort and durability. The U-shaped dinette (22M, 22R, 26A, 31K) is perfect for game nights, while standard dinette models (25B, 31D, 31G) feature a nearby sofa bed for relaxing once mealtime is over. Available swivel cab seats (26A, 31D, 31K) provide additional seating flexibility, ideal when you're taking in a movie on the HDTV with a DVD player.

Overhead Bed

HDTV

Overhead Bed Curtain

Overhead Bed Ladder

Cooking in the Minnie Winnie is a delight, thanks to the 3-burner range with a recessed oven and glass cover (NA 22R), microwave, 2-door refrigerator/freezer, and double-bowl sink (NA 22R). Serious chefs might consider optional upgrades like a microwave/convection oven (26A, 31D, 31G, 31K), 4-door refrigerator/freezer with an icemaker (31K), and a large double-door refrigerator/freezer (26A, 31D, 31G, 31K). Or take it further upscale with the Premium Package (26A, 31D, 31G, 31K), which includes a Corian® countertop, stainless steel undermount sink, and Corian sink covers.

A good night's sleep makes every trip better, and the Minnie Winnie maximizes sleep comfort with a multi-layer, foam double (22R, 25B) or queen bed in the rear bedroom. Every floorplan also features an overhead bed above the cab, plus a dinette and/or sofa bed that quickly converts to a cozy bed. On the 31G, bunk beds add to the sleeping capacity and fun. Before calling it a night, freshen up in the Minnie Winnie's roomy shower with a flexible shower head.

Dash

The Minnie Winnie cab is designed to put you in complete command. Multi-adjustable cab seats with armrests and lumbar support let you dial in comfort, while the power steering with tilt and cruise control ease driving duties. Backing up is a breeze with the available exterior mirrors with defrost and the Radio/Rearview Monitoring System. Expand your relaxation by upgrading to the swivel cab seats (26A, 31D, 31K) that can pivot to face the lounge once you are parked at your favorite campgrounds.

Mirror

Radio/Rearview Monitor System

Available Powered Patio Awning

Two standard and one deluxe graphics packages help the Minnie Winnie's premium high-gloss fiberglass exterior shine on the road and in camp. Standard equipment includes a 4,000-watt Cummins Onan® generator, patio awning, porch light, running boards, and a large lighted trunk storage compartment. Take the fun outside with a powered patio awning with LED lighting. On the 31D, an Exterior Entertainment Center with an HDTV, DVD player, AM/FM radio, and speakers is available.

Pass-thru Exterior Storage

Entrance

Interlocking Joints Specially engineered interlocking joints connect the floor, sidewalls, and roof where competitors often rely on simple screws to bear the weight.

Laser-Cut Tubing Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Solid Framework Structural extruded aluminum creates an extremely strong and solid frame.

Fiberglass Roof The one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Thermo-Panel® Sidewalls By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable, and lightweight sidewalls.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

E-coating An electrodeposition coating helps protect critical steel components.

**SUPER
STRUCTURE**

BUILT TO LAST

From our smallest Class C coach to our largest diesel-pusher, coaches are built to Winnebago's legendary SuperStructure® construction design. It's a process developed and refined over more than 60 years of building some of the strongest, most durable coaches in the industry.

Minnie Winnie

TESTING Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago motorhome.

SuperStructure

DETAILS At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE

We process and finish key aluminum parts. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**
BUILT TO LAST

WINNEBAGO

TAKE A TOUR

We're proud of our processes, state-of-the-art facilities, and the people who make Winnebago number one. We invite you to visit our complex in Forest City, Iowa, for a firsthand look at the dedication and technology behind every motorhome we build.

Minnie Winnie

NEW 22M

Floorplans

The slideout provides added room to the rear master suite, while the U-shaped dinette quickly converts to a comfortable bed for added sleeping capacity.

Length 24'2"
Ext. Storage (cu. ft.) 44.5
Seating 5

Dimensions shown are for sleeping and shower space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at WinnebagoInd.com.

Located opposite the galley, the U-shaped dinette highlights this floorplan, and brings extra coziness to family dinners and game nights.

Length 23'10"
Ext. Storage (cu. ft.) 60.4
Seating 5

Dimensions shown are for sleeping and shower space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at WinnebagoInd.com.

25B

Several people can enjoy all the comforts of home in a floorplan that lives much bigger than its compact size, thanks to the sofa/bed and overhead bed.

Length 26'2"
Ext. Storage (cu. ft.) 73.1
Seating 6

Dimensions shown are for sleeping and shower space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at WinnebagoInd.com.

Minnie Winnie

26A

Floorplans

The spacious, functional living area is matched by the large private master bedroom with walk-around queen bed, thanks to three slideouts and the versatile U-shaped dinette with footrests.

Length 27'1"
Ext. Storage (cu. ft.) 45
Seating 6

Dimensions shown are for sleeping and shower space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at WinnebagoInd.com.

The full-wall slideout adds living space throughout the coach, while bunk beds and an available Exterior Tailgate Package make the 31G a big hit with growing families.

Length 32'9"
Ext. Storage (cu. ft.) 80.7
Seating 7 (6 with Premium Package)

Dimensions shown are for sleeping and shower space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at WinnebagoInd.com.

31K

A split bath sets off the roomy master bedroom, while a U-shaped dinette plus options like a 4-door refrigerator/freezer and TrueComfort+ Sofa make the 31K a perennial favorite.

Length 32'9"
Ext. Storage (cu. ft.) 108.3
Seating 7

Dimensions shown are for sleeping and shower space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at WinnebagoInd.com.

The Holcombes

Peter, Kathy, and Abby have been full-time RVing since 2014. Using photos and videos shot by Peter, a professional photographer, the family has documented their many adventures around the continent including hiking, paddling, climbing, canyoneering, fishing, and more. All from the comfort of their Winnebago.

You can follow their journey at WinnebagoLife.com. You'll also find hundreds of other great stories from GoLife's outstanding contributors, along with how-to articles, gear reviews, RVing tips, and much more.

Warranty⁷

12-month/15,000-mile basic limited warranty⁸

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts-and-labor warranty on roof skin⁸

FOOTNOTES

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.
2. Floorplans feature a wide-body design - over 96" in making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
4. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5. Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
7. See separate chassis warranty.
8. See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
