

MEET THE INSPIRE

The Inspire® is not an ordinary RV converted for wheelchair use. It's a purpose-built motorhome that incorporates thoughtful features throughout to enhance accessibility, and provide the ultimate in privacy and comfort for travelers in wheelchairs.

Powerful and smooth The Inspire is designed to take full advantage of the 340-hp Freightliner® XCS chassis, delivering a smooth, well-mannered and quiet ride, with ample power and plenty of storage space. And like all Winnebago diesel pushers, the Inspire comes with a 3-year/100,000 mile warranty.

Easy entry and exit Key-fob and wall-mount remote controls operate the large pneumatic door and 800-pound capacity commercial Braun platform lift, allowing a wheelchair user to independently enter and exit the coach. Up front, the comfortable powered cab seats swivel for easier transfer.

Convenient wheelchair tie-downs The lounge area includes integrated wheelchair tie-downs in the floor; together with the lap belt, they convert the wheelchair into a federally compliant passenger seat.

Wide hallways and expansive living spaces The Inspire is designed to provide plenty of living space, with wider hallways that allow wheelchair access to the bedroom and bath even when the slideout is in, as well as lower countertops and controls for easier access when seated.

Large wet bath with roll-over threshold The Inspire's large roll-in bath features a roll-in shower with adjustable-height shower head, assist bar and optional wall-mount shower bench seat, as well as a porcelain toilet, medicine and linen cabinets for storage.

Premium amenities throughout The Inspire is designed for comfort and convenience, with features like our powered loveseat that easily converts to a comfortable recliner or a cozy bed, a full galley with high quality countertops, powered queen bed, standard washer and dryer, and much more.
