THE NEW

VIEW | NAVION

Built to carry more. Designed for going farther.

The Winnebago View® and Navion® set a new standard for luxury Class C travel with a factory-installed lithium power system, the strength of the Mercedes-Benz® 4500 chassis, and modern style inside and out. Enjoy impressive cargo-carrying capacity of up to 2,250 lbs. and advanced off-grid energy, so you can pack more, stay out longer, and explore with confidence.

Mercedes-Benz Sprinter Chassis Confidence

- **Mercedes-Benz Sprinter chassis** with 2.0L turbo-diesel engine delivers proven engine performance, efficiency, and long-term reliability.
- **Advanced Driver Assistance Package** featuring a digital rearview mirror, adaptive cruise control, a blind spot monitoring system, active lane keeping, and collision avoidance, provides confidence on the road.
- **Impressive cargo-carrying capacity** to haul up to 2,250 lbs. of gear, water, and essentials.

Luxurious, Flexible Living

- **Smart, spacious interiors** with thoughtfully designed floorplan options like the Murphy+ bed (24T & 24D) or the Flex Bed system (24R) and gear garage (24T & 24R) maximize space and functionality without compromising style.
- **WinnSleep® Comfort System** – Exclusive Winnebago mattress technology delivers exceptional support and breathability for better rest, night after night.
- **Premium finishes & décor** – Elegant new interior colorways (Hearth and Lumen), soft-touch seating, lighted galley drawers, and residential-style lighting create a warm, elevated feel that travels well.

Comfort & Convenience

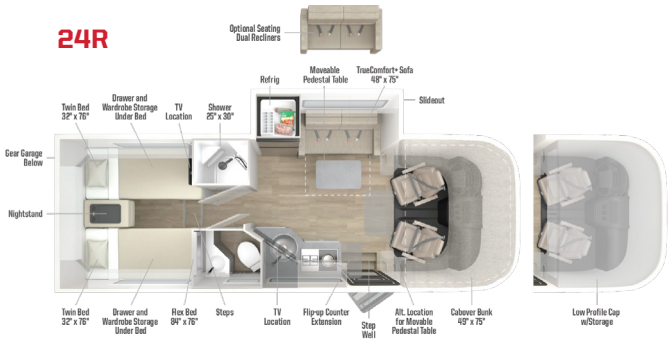

- **Winnebago Connect™ Smart Platform** ensures seamless energy management with automatic climate controls, system alerts, and full RV command via a 10" touchscreen or mobile app.
- **Extended energy independence** with a standard 12V lithium battery (320Ah), a second alternator, a 2,000W inverter, and up to 240W of standard solar (720W upgraded), so you can stay off-grid longer.
- **Abundant interior and exterior storage features** include a full-width wardrobe (24T) and a full-width heated gear garage with LED lighting, charging ports, and L-track tie-downs (24T & 24R) to keep bikes, boards, and outdoor gear secure and easily accessible.
